03 | Payroll Review Controls

Authorized access

Only designated payroll personnel should be able to open and edit this report; general HR group membership alone must not provide access.

Segregation of duties

Payroll preparation, review, and final approval should be assigned to appropriate personnel according to business policy.

Change accountability

Changes to simulated payroll reports should be traceable through SharePoint document history and controlled revision records.

Data handling

Use fictional data exclusively. Do not upload genuine payroll details, identification numbers, bank accounts, or salary information to this training environment.

04 | LAB-010 Access Validation

TEST ID	TEST ACCOUNT	EXPECTED OUTCOME
PR-01	Taylor Brooks — Payroll Specialist	Can open and edit
PR-02	Shay Mitchell — HR Specialist	Access denied
PR-03	Alex Morgan — HR Specialist	Access denied

Test instructions

1. Open this document as Taylor Brooks in a fresh browser session. Edit the revision history below and confirm the update saves to SharePoint.

2. Sign out and attempt to open Payroll Operations as Shay Mitchell in a separate session. Record the authorization result.

3. Optionally repeat the denied-access check as Alex Morgan. Capture screenshots without exposing passwords, recovery codes, or authentication tokens.
